Comprehensive and meaningful assessment in early childhood requires training and specialized experience in understanding family dynamics, culture, and child development. Also required is, knowledge of assessment tools, techniques and early childhood curricula to prevent detrimental decisions that result from misinterpretation of assessment data.

This workshop will provide you with:

- A foundation and framework for comprehensive early childhood assessment
- Evaluation methods and tools for early childhood evaluation teams
- Evaluation method for determining eligibility for preschool special education services.
- Processes for conducting accurate analysis of assessment information

*Workshop will be presented by*

**Julie Giaccone M.S. CCC-SLP**  
Early Childhood  
Education Coordinator,  
CREC

*This project is funded by the Connecticut State Department  
of Education Bureau of Special Education 619 Program*
