

# WHAT IS THE Science of Reading ANYWAY?

## A CES Live Webinar Series

For School Leaders and Educators who want to unpack what the *Science of Reading* really means and gain tools to use in classrooms immediately.

### **OVERVIEW- Wednesday 10/26**

Explore the science of how children acquire language and learn to read.

### **PHONOLOGICAL AWARENESS Thursday 11/3**

Dive into the essential foundational skills on which all further reading development is built.

### **PHONICS- Monday 11/7**

Examine the important link between sounds and print.

### **VOCABULARY- Tuesday 11/15**

Discover word consciousness and the role it plays in reading development.

### **FLUENCY - Thursday 12/1**

Consider how foundational skills culminate in accurate, smooth, and expressive reading.

### **COMPREHENSION Wednesday 12/7**

Dig into the transition between learning to read and reading to learn.
